Notes:

- Late prenatal care is defined as care beginning in the third trimester.
- Births with unknown prenatal care status were excluded from the denominator in rate calculations.
- Starting in year 2000, birth certificates allowed reporting of up to three races. Race groups tabulated with a "Two or More Races" category are not comparable to those tabulated without it.
- *Numbers are censored and rates are not calculated when the number of events is fewer than 5 (indicated by "<5"). Interpret with caution rates calculated for fewer than 20 events since they are considered statistically unreliable.
